Easy Anatomy Textbook

(Upper Limb & Lower Limb)

Authors

Mr Obinna. J Chukwudike
B. Sc. Department of Anatomy,
Faculty of Basic Medical
Sciences, Nnamdi Azikiwe
University, Nnewi Campus

Prof. Damian N. Ezejindu
B.Sc. M. Sc, PhD, FIMP,
Department of Anatomy, Faculty
of Basic Medical Sciences,
Nnamdi Azikiwe University,
Nnewi Campus

Editors

Prof. Bernard U. Enaibe
PhD, FASN, FECAN, FIIMA
Department of Anatomy, Faculty
of Basic Medical Sciences,
University of Ilorin

Prof Chike I.P Anibeze
M. Sc, MBA, PhD, FRSB,
FSECAN, Department of
Anatomy, Faculty of Basic
Medical Sciences, Enugu State
University of Science &
Technology

Dedication

This book is dedicated to the countless individuals whose lives have intersected with the intricate study of human anatomy. To the aspiring medical students, whose unwavering dedication to understanding the complexities of the human body drives them through long nights of study and rigorous examinations, this book is a tribute to your relentless pursuit of knowledge. To the seasoned anatomists and educators, whose passion for teaching and sharing their expertise ignites the curiosity and imagination of their students, this book stands as a testament to your profound impact on the next generation of healthcare professionals. To the healthcare practitioners and clinicians, whose tireless efforts to heal and alleviate suffering are guided by a deep understanding of the anatomical structures and functions, this book serves as a humble acknowledgment of your invaluable contributions to the well-being of humanity. To the researchers and scholars, whose relentless pursuit of discovery pushes the boundaries of our understanding of human anatomy, this book honors your dedication to advancing medical science and improving patient care. To my family, friends, and lecturers whose unwavering love, support, and patience have sustained me throughout the arduous journey of writing this book, I am profoundly grateful for your encouragement and belief in me. To the memory of those who have generously donated their bodies to science, allowing future generations of anatomists to explore and learn from the intricacies of the human form, this book is a tribute to your selfless contribution to medical education and research. May the pages of this book serve as a beacon of knowledge and inspiration, illuminating the wonders of the human body and fostering a deeper appreciation for the marvels of anatomy. With heartfelt gratitude and deepest respect.

OBINNA CHUKWUDIKE

TABLE OF CONTENT

Preface

1. INTRODUCTION TO ANATOMY

- Overview of Anatomical Terminology
- Anatomical Planes and Directions

2. UPPER LIMB ANATOMY

1. BONES OF THE UPPER LIMB

- Clavicle
- Scapula
- Humerus
- Radius
- Ulna
- Bones of the Hand

2. PECTORAL REGION

3. MAMMARY GLAND (BREAST)

4. AXILLA

- Axillary Artery
- Axillary Vein
- Axillary Group of Lymphnode

5. BRACHIAL PLEXUS

6. SCAPULA REGION

7. ROTATOR CUFF MUSCLES.

8. SHOULDER JOINT

- Acromioclavicular Joint

9. VENOUS DRAINAGE OF THE UPPER LIMB

10. ARM (BRACHIUM)

11. CUBITAL FOSSA

12. FOREARM

- Muscles of the Anterior Compartment
- Muscles of the Posterior Compartment

13. ELBOW JOINT

14. RADIO-ULNA JOINT

15. MUSCLES OF THE HAND

16. ANATOMICAL SNUFF BOX

- Arches of the Hand

17. WRIST JOINT

18. JOINTS OF THE HAND AND DIGITS

- Intercarpal Joints
- Carpometacarpal Joints
- Intermetacarpal Joints

3. LOWER LIMB ANATOMY

19. BONES OF THE LOWER LIMB

- Hip Bone
- Femur
- Patella
- Tibia
- Fibula
- Bones of the Foot

20. THE THIGH- ANTERIOR AND POSTERIOR COMPARTMENT

21. FEMORAL TRIANGLE

- Adductor/Hunter's/Subsartorial Canal
- Femoral Nerve

22. POPLITEAL FOSSA

- Popliteal Artery
- Popliteal Vein

23. GLUTEAL REGION 7

24. HIP JOINT

25. FRONT OF THE LEG & DORSUM OF THE FOOT

26. LATERAL AND MEDIAL SIDES OF THE LEG

27. BACK OF THE LEG

28. MUSCLES OF THE POSTERIOR COMPARTMENT OF THE LEG

29. ARCHES OF THE FOOT

30. ANKLE JOINT

31. KNEE JOINT

32. VENOUS DRAINAGE OF THE LOWER LIMB

33. LYMPHATIC DRAINAGE OF THE LOWER LIMB

34. INNERVATION OF THE LOWER LIMB

5. Review Questions

- Multiple-Choice Questions to test understanding
