Preface:

We are happy to announce of commencement of the book... It was observed that approach for certain topic is necessary. Hence Single Drugs used in Obstetrics and Gynaecology has been thought of. This book include 40 chapters on Single Drugs used along with their mode of action.

This book is an humble attempt made by us to bring the usage of untouched part into light. Though it may not be the Ideal one but hope this book will be a source for securing appropriate clinical knowledge of Single herbs used in Obstetrics and Gynaecology. We extend our Gratitude to the Stalwarts in our profession, many books and publications and advice and assistance of our Colleagues in preparing and editing of this book.

Special Thanks to...

We are thankful to **Dr Veena Patil Mam, Professor & HOD,**
Department of Prasuti Tantra Evum Stri Roga ,Govt, Ayurveda
College, Dharashiv , Maharastra

Publication for sincere efforts and co-operation.

Comments as well as suggestions will be highly appreciated.
